My soul will awake with the dawn

Hope will find a way

Like the sun the sun that sets

I will rise rise with the dawn

Darkness is but a passing moment

Long though it seems to be

My soul will awake with the dawn

Love will find a way

Like the sun the sun that sets

I will rise rise with the dawn

Darkness is but a passing moment

Long though it seems to be

My soul will awake with the dawn

I will find a way

Like the sun the sun that sets

I will rise rise with the dawn

Darkness is but a passing moment
