

The Midnight Wind

Bass: Oooo..... Oooo.....

Sops: Oooo.....

Bass & Alto start: The midnight wind. Cool midnight wind.

The midnight wind. Midnight wind.

Drifts across the desert sand.

The midnight wind. Cool midnight wind.

The midnight wind. Midnight wind.

Beneath the moon and starry sky,

Someone sings a lullaby.

Sleep in the cool cool midnight wind.

The midnight wind. Midnight wind.

Hear the morning song the sun is rising.

La la la la la,la,la,la,la la,la la la la la

Fold up your tent, before the heat of the day.

The camel train, meanders through the desert

And very soon.....is on its way.
